

Dear Parents and Carers

The countdown to the graduation of our students is on! This year four of our finest will leave us and continue their journey post school. There are few tickets still available for the celebration on Thursday evening, 6.30 pm at Robertson Gardens.

These students have been busy making the plans for post school, making links with the local community with supported work and other service providers. It is with happiness and sadness that we see these students move to their next stage. Good luck you four stars!

Drum roll please.....In the last week of school we have a very special surprise for the students! This comes from Townsend Bus service. They are putting on a fun day to celebrate another excellent year working with Sunnybank Special School. Details are under wraps at this point in time, but could include popcorn, ice cream and face painting!

In this week's newsletter, we have a wonderful article from Courtney's middle school class. It celebrates all the wonderful work the students have achieved. It is lovely to have all the classes share their work and involve us in their plans and progress throughout the term.

Till next edition

Darren
